

PCR_Profile::get_pointer
_to_primer_set

```
graph LR; A[PCR_Profile::PCR_Profile] --> B[PCR_Profile::get_pointer_to_primer_set]
```

The diagram illustrates a function call. A box on the right, labeled 'PCR_Profile::PCR_Profile', has a blue arrow pointing to a box on the left, labeled 'PCR_Profile::get_pointer_to_primer_set'. The left box has a light gray background, while the right box is white.
